REICHERT HAILS SUPPORT OF TROOPS

House passes emergency wartime supplemental

WASHINGTON, DC—U.S. Rep. Dave Reichert today praised the overwhelming support of the emergency wartime supplemental spending request, which passed the House by a vote of 388-43.

“We are at war, a war like no other in this nation’s history, a complicated worldwide battle against terrorists. These terrorists are bent on harming our country and harming our citizens,” said Reichert.

“We must ensure that our brave men and women fighting abroad have the training and equipment they need to keep America strong and free. We all support our troops and pray they return home soon. Today we fulfilled our obligation to American troops and American families.”
